2.0   APPLICABLE DOCUMENTS

This section provides a list of documents used to develop this handbook. It includes user manuals for the various commercial software products and the individual Government-developed software applications. Documents followed by an alphanumeric code such as (LL-123-45-67) are GCCS Configuration Management controlled documents and are available from the GCCS DISA/JIEO Configuration Management Department Library, see Section 9. Documentation is also available on the GCCS Home Page (http://199.114.100.25/) accessible via the Secret-level SIPRNET. The list is in alphabetical order.
